

Mały matematyk

Prezentacja T

POTĘGI

3 x dziennie po 10 slajdów

30 slajdów dziennie podzielone na 3 sesje

= 30 nowych działań na 30 wynikach

(pokazując slajd z wynikiem czytamy treść działania oraz podajemy wynik np. „Dwa do sześćcianu równa się osiem. Pięć do potęgi zerowej równa się jeden.”)

Dzień 1

Sesja 1 – slajdy 2-11

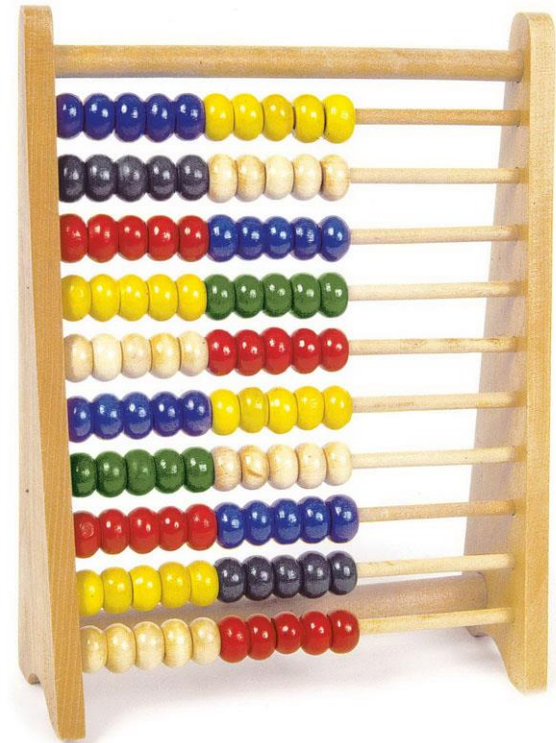

Sesja 2 – slajdy 12-21

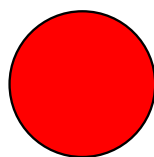

Sesja 3 – slajdy 22-31

itd.

(10 slajdów = 10 działań)

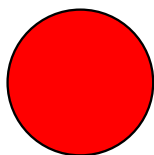

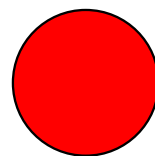

(nie należy prezentować dwukrotnie tego samego działania matematycznego)
